India-Japan sign 15 agreements in the summit

BY ECONOMICTIMES.COM | UPDATED: SEP 14, 2017, 04.43 PM IST

In a joint press statement addressed by PM Modi and his Japanese counterpart [Shinzo Abe](#), few key agreements were signed. Important agreements were in the domain of clean energy and nuclear energy. Both leaders agreed that 12th India Japan annual summit has expanded the horizon of their bilateral relationship

3 sets of documents were exchanged in the joint press statement

First document contained the four exchange of notes on official development assistance between the Government of India and the Government of Japan. It includes the project for the construction of Mumbai-Ahmedabad High-speed rail and the construction of international cooperation and convention centre in Varanasi.

Two memorandum of cooperation were exchanged, first between the ministry of external affairs (GOI) and ministry of foreign affairs (Japan) in the field of Japanese language education in India and the second was between the Government Of India and Government of Japan for the India Japan act east forum.

An agreement was signed between the Union Home Ministry and the Japanese government for cooperation and collaboration in the field of disaster risk management and to share experiences, knowledge and policies on disaster prevention.

Another agreement was signed for an India Japan Act East Forum to enhance connectivity and promote developmental projects in the northeastern region of India in an efficient and effective manner.

Another agreement was signed between the Department of Industrial Policy and Promotion and Japan's Ministry of Economy, Trade and Industry to accelerate and facilitate Japanese investments in India.

India Post and Japan Post inked an agreement to implement the commercial arrangement of "Cool EMS" service through which fresh food can be sent from Japan to India in cool boxes for Japanese expatriates in India.

To promote institutional cooperation between India's Research and Information System (RIS) think tank and Japan's Institute of Developing Economies (IDE-JETRO) and a memorandum of understanding (MoU) was signed to strengthen the capacity of research and effectiveness of dissemination of research findings. PM Modi also highlighted Japanese efforts in the fields of clean and sustainable energy.
